Your comment has been noted. The Draft Environmental Impact Statement will be available on the RUS website at:
<http://www.usda.gov/rus/water/ees/eis.htm>. Comments on the Draft Environmental Impact Statement will be solicited after its publication.

If you own property in one of the proposed corridors, please indicate all the existing uses of your property below:

- ☐ Agriculture ☒ Residential ☐ Conservation Easement
☐ Commercial ☐ Industrial ☐ Other: *tree farm - pines*

Please describe any special uses or circumstances on your property that should be considered when assessing the Project. Please indicate the location of your property.

we live next to the Alma-Jenaca line - if the new line went along that line we're not sure if our house would be far enough from the new required easement - also the wider easement would limit what we could do with the 40 acres we own

In your opinion, what are the most sensitive resources (biological, cultural, recreational, ect.) in the Project area and why?

In your opinion, was the project description, purpose, and need for the project adequately explained? If not, what additional information is needed?

Please tell us how to reach you.
